TWENTIETH ANNIVERSARY

PAUL H. BAERMANN SEED CO.

506 W. VLIET STREET - MILWAUKEE, WIS.

## OUR TWENTIETH ANNIVERSARY

1919 - 1939

Realizing the importance of better seeds and a long felt need by the commercial grower, who must make his living from the soil, for dependable seeds, Mr. Paul H. Baermann on July 16, 1919 founded the business bearing his name today.

The first principle was contracting with seed growers both in this country and abroad who had the highest reputations of growing the best and the best quality only, in their special lines. As an added precaution, all seeds on arrival were carefully tested for germination, as they are to this day.

Our motto, "TESTED SEEDS" is no mere boast, for every year all seeds we sell are tested for germination and the actual grown tests and the date of the test with the percentage of germination are ready for your inspection at any time. Not just a figure of the germination to show you.

Mr. Paul H. Baermann passed on, March 19, 1936 after devoting forty-one years of his life to the seed business, and leaving a host of friends who knew and felt the influence of his integrity in supplying the best quality and reliable seeds obtainable.

These principles are being carried on to the letter today by his wife, Mrs. Alma Baermann, who worked by his side since the opening day and is now President of the firm, together with the son Mr. Donald Baermann, now Sec'y. & Treas. who entered the firm in 1921.

We wish to thank our old customers, many of whom are buying from us since the day we opened our door, for their loyal support, and we know the new customers will also find that it pays to buy seed (the first and most important step to success in agriculture) that they can have the utmost confidence in.

You will find our prices pleasingly low considering the high quality of the seed offered.

---

A discount of 5% for cash with order or on delivery to Wholesale buyers only, that is, Market Gardeners, Florists, Nurserymen, Institutions etc. will be allowed on Vegetable and Flower seeds only that total \$5.00 or more.

---

All Vegetable and Flower seed, with the exception of Beans, Peas and Sweet Corn, will be shipped as you specify, carriage charges prepaid, at absolutely no cost to you for postage, packing, bags, etc.
